

Geography-Based Language Arts for Christian Thinkers

An original hands-on middle school writing experience by Aimee Line

Read

6 inspirational literary works.

Collect

supporting details

for essay paragraphs by completing
fun, HANDS-ON activities.

Write

Evidence-based analytical essay writing seems effortless when

supporting details have already been collected. A whole-language approach
combined with professional editing and feedback yields high student growth.

Immerse In addition to reading and essay writing, time and place is explored through research papers, hands-on projects, reader's theaters, and food. Student accomplishments are compiled in quarterly portfolios and marked by four classroom celebrations.

Practice

Sentence
manipulatives provide a HANDS-ON approach
to sentence patterns and punctuation.
